

LAFD ACS NET SCRIPT

Revised September 24, 2006
Unofficial Edits (2/2/09, N6ZZK)

QST, QST, QST. This is (your call sign), operating the N6ACS NET CONTROL Station for the City of Los Angeles Auxiliary Communication Service Daytime NET.

Are there any stations with EMERGENCY or PRIORITY TRAFFIC?

This net meets each Thursday afternoon at 1215 hours for the purpose of passing traffic to ACS members, to encourage members to practice operating their radios, and to conduct an open and informal forum to discuss items and ideas involving the LAFD ACS, amateur radio or any other topics of interest from the group.

The Los Angeles City Fire Department manages this NET for the Emergency Management Department of the City of Los Angeles. All amateur radio operators, even those who are not affiliated with the Los Angeles City ACS, are invited to monitor today's net and participate in the open discussions later in the net.

Pause/reset.

At this time, Net Control will call for any ACS Command Staff or Battalion 19 members to check-in.
